

VIHANGA .S. VITHANAGE

Information Technology Undergraduate AT Sliit

vihanga.shehan99@gmail.com | 077 67826 290 | LinkedIn:[Vihanga S Vithanage](#) | GitHub : [Vihanga](#)

SUMMARY

Driven and passionate about IT infrastructure and system administration, I bring hands-on experience with both Windows and Linux environments, hardware configuration, and end-to-end troubleshooting. Armed with a solid foundation in network protocols, virtualization technologies, and security best practices, I excel at diagnosing and resolving complex technical issues under tight deadlines. As a resourceful self-starter and dedicated lifelong learner, I continuously expand my skill set through certifications and real-world projects. I am eager to launch my career in system engineering, where I can leverage my strong analytical mindset, proactive communication, and collaborative spirit to ensure reliable, scalable, and secure IT operations that drive organizational success.

SKILL

Data Analysis & Visualization: Excel (Advanced), Power BI, Data Cleaning, Data Visualization, Reporting

Business Analysis: Requirements Gathering, Business Process Modeling, Stakeholder Communication, SWOT Analysis, Agile & Scrum Basics

Programming Languages : C, C++, Java, Python, Kotlin, JavaScript, PHP, SQL, R

Web & Frameworks : MERN Stack (MongoDB, Express, React, Node.js), HTML5, CSS3, SpringBoot, ReactJS

Mobile Development : Kotlin, Android Studio

Databases : MySQL, SQL Plus, SQL Server, SQLite, MongoDB, MsSQL

Tools & IDEs : Visual Studio Code, Postman, phpMyAdmin, Git, Figma

Virtualization : VMware

Soft Skills : Teamwork, Problem Solving, Critical Thinking, Presentation Skills

AI Literacy & Prompt Engineering : AI concepts and ethics, Prompt Engineering best practices

EDUCATION

Sri Lanka Institute of Information Technology:

May 2023 – Present

BSc (Hons) in Information Technology

Expected Graduation Date:

May 2027

Richmond College

GCE Advanced Level, Commerce Stream

2018 – 2021

CERTIFICATIONS

Business Analysis Basics – Issued: January 2026

Python for Beginners – University of Moratuwa (Open Learning Platform), Issued: June 2025

Web Design for Beginners – University of Moratuwa (Open Learning Platform)

Introduction to Data Analytics – Simplilearn, Issued: January 2026

PROJECTS

Grand Horizon: Hotel Management System (React, Node.js, MongoDB, JWT) [Link](#)

- Built a comprehensive MERN application featuring secure authentication, real-time room reservations, and an admin management interface.
- Automated user experience by integrating email notifications for successful bookings via Nodemailer.

Global Sports Footwear Sales Analysis (Power BI, Data Analytics) [Link](#)

- Developed an interactive Power BI dashboard to analyze global revenue, unit sales, and brand performance trends from 2018 to 2026.
- Extracted key insights into customer demographics, regional preferences, and brand comparisons for major companies like Nike and Adidas.
- Performed comprehensive data modeling and visualization using a multi-year sales dataset to identify consumer behavior patterns.

EasyMoney: Finance Management App (Kotlin, Android Studio, Shared Preferences) [Link](#)

- Developed a lightweight mobile application to help users efficiently track daily income and expenses.
- Implemented persistent data storage using **Shared Preferences** to ensure user data is saved locally on the device.
- Designed a simple, user-friendly interface focused on fast performance and ease of use for personal financial management.

Swift Translator: Automation Testing (Playwright, JavaScript) [Link](#)

- Automated 39 comprehensive test cases for the Swift Translator web platform to ensure functional reliability and seamless language conversion.
- Configured a robust testing environment using **Playwright** with custom reporting and multi-browser execution to identify and resolve UI/UX inconsistencies.

COURSE WORKS

- Data Science & Analytics
- Business Management for IT
- Probability and Statistics
- Object-Oriented Programming (C++, Java)
- Data Structures and Algorithms
- Database Management Systems (Oracle, SQL)
- IT Project Management
- Mobile Application Development
